It's that time of year where clothing with elastic waistlines comes back in style. I hope everyone has a fantastic Thanksgiving.

At the October meeting, Lenny and I shared our pictures of the JCCS show in Long Beach. Lots of great photographs of great cars and celebrities.

For everyone who attended the Dyno Day event, it was a good time. Lenny cooked some great hamburgers, hotdogs, and brats. Sheri brought her Death by Chocolate cake. At the end of the event, trophies, made by Lenny, were handed out. Congratulations to the winners.

To get ready for the holidays, our annual Wine Run will take place on Sunday, November 17th. I hear there will be a variety of stops to tempt everyone's drinking palette. Rumor has it that one stop will include Snoopy's favorite root beer.

Next month the Board will be meeting to layout the events for next year. Please pass on to any board member events, activities, or runs you would like to see.

Now, let's drive those Z's.
Michael

OCTOBER 12TH DYNO DAY & B-B-Q

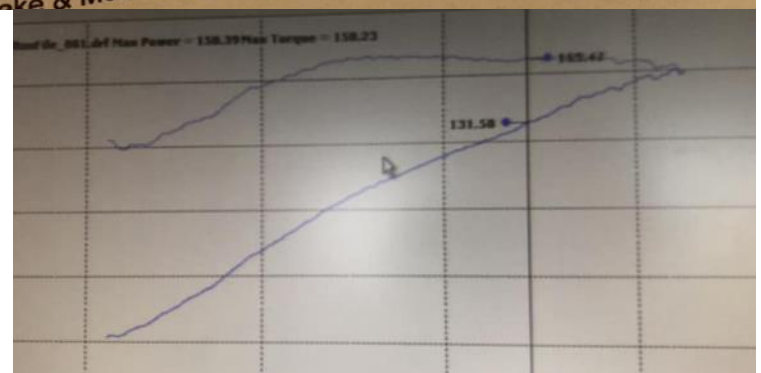

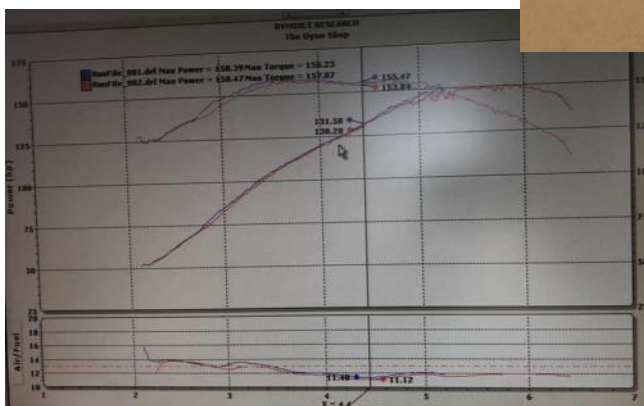

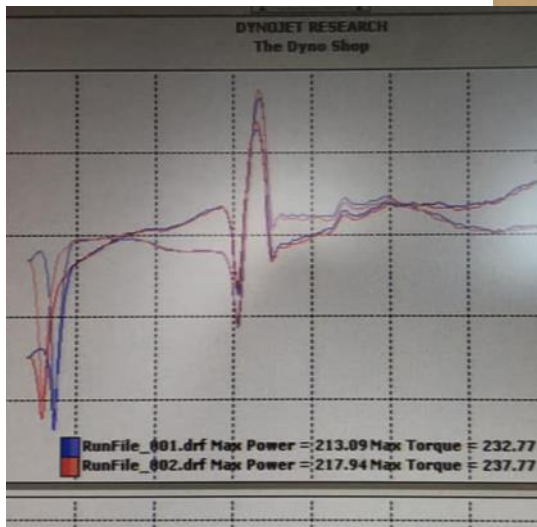

It was awesome. Killer weather and a new face—Mark Fite's little girl Ivy loves the show and the food... New faces came down to enjoy the BBQ and the experience. New people also tried the Dyno. Trophies that I made up were a big hit.

We have been invited back for next year!

For those of you that haven't experience the thrill of autocross, your decision to join us at AUTOCROSS NOVICE SCHOOL may just lead to an addiction. Some who try it never leave. Others move on to different forms competition. But there's one thing that all who come have in common: we're a family who has taken our driving skills to a level that makes us some of the most proficient drivers in the country.

The purpose of the Novice Drivers School is to introduce new members to SCCA Solo (aka "autocross") competition.

Autocross is a "lower-speed driver skill contest" where single lap times are used to determine the winner. Autocross events are usually held in large parking lots or on inactive airport runways. The courses, defined by orange traffic cones, are designed such that most cars will not be required to be driven in a gear higher than second gear and no faster than driven on the highway. The emphasis is car control, especially when cornering. This school is designed for men & women who have less than two years experience. Participant safety is our number one priority. SCCA Solo Safety Stewards approve the course and are present the whole day. Our main goal is that the students have fun and build confidence as they learn:

1. The basics of analyzing the course during the course walk
2. Basic car handling techniques and driving skills
3. Competitive driving strategies.
