SEZ THE PREZ

Where has summer gone? Seen like it just started and now we are into Fall. I hope everyone had a wonderful time with family, friends and your cars.

This year's ZCON 2020 big announcement was the new Z Proto. It's a unique design combining the 240 and the 300 ZX. If you have not seen a picture of the Z Proto, there is one later in the newsletter.

The Dyno Day event has been canceled for this year due to the pandemic. Look for its return next year. Our annual wine run is tentatively scheduled for November 8th, pending county health orders.

As I write this column, San Diego County is still under a restrictive level for COVID19 rules. We will continue without monthly meetings until it is safe to do so. We are looking into having another run, so watch your mailboxes for an email blast for details.

Be healthy, be safe!

Z you on the road.

Michael

Hopefully everyone is staying cool. It's warming up this week. With no Z events going on, I'm trying to make room for my 240Z in the back garage. The only problem is 14 years on laying down stuff that hasn't moved. Especially when its hot, trying to get motivated !! Hopefully we get by this fire season and elections with no problems .

Stay safe !! Z ya Chuck

THE GOLDEN ANNIVERSARY OF THE Z

ZCON, 2020

This year ZCON celebrated the golden anniversary of the Z. Our beloved car has been around for fifty (50) years. ZCON was held in Nashville with the host hotel being a couple of blocks away from Nissan USA headquarters which was closed due to the pandemic. Weather forecasts predicted rain and thunderstorms all week but not a drop fell. Temperatures were in the high 70's and low 80's with tolerable humidity. Have not had that good weather for the last several ZCONS. All the normal events of Opening Ceremony, Judged Car Show, Track Day, Autocross, Parade Lap and Closing Ceremony took place. Only a couple of the non-car events got changed.

The highlight of this year's convention was the unveiling of the next generation design Z. Nissan used an open field setup like a drive-In movie with large screen on the left and right and a stage in the middle where Adam Corolla hosted the ZCON site live. Tokyo's live site was a studio where the Z Proto was presented. At the event they had food trucks, which included free food, and one car from every generation from the Nissan Heritage Museum. It was a decent convention considering all the challenges the convention team faced.
