The Challenge

So, back in November, I got an email from a guy with some questions about a 240Z. He said he was the newly elected president of the Triumph Club of San Diego, but he was also restoring a Datsun 240Z. We got to passing emails back and forth and I asked him if he would be interested in doing a joint event between his Triumph club and our Z club. He was open to the idea and came up with the K-1 Speed Challenge between our two clubs. We needed at least 9 people to show up for the group guarantee.

The event turned out to be a huge success. We had 6 racers from ZCSD and they had 9 racers. The event consisted of a 12 lap practice session, a 14 lap qualifying race and a 16 lap main event. Since they had a maximum number of 12 racers per race, we split the group in half. We had two qualifying races and the fastest 8 qualifiers ran in the fast main event and the other 7 ran in the slower main. Turns out, we kicked their butts!! In the fast main Cliff came in first, followed by Dennis in second and Carlton in 4th. Michael Cave from the Triumph club got third. In the slower main, (only by 1.5 seconds) yours truly won wire to wire with Wally finishing with the rest of the pack. All in all, a very good showing from our club. Afterward, we went to the Green Dragon Tavern for lunch and got to know each other better. A very fun event.

We still have a great event planned for March, our trip up to the Nethercutt Museum on the 24th. I will need a head count by the week before that event. Please come out to the March meeting and we can

Share all of the info for this event, as well as pictures from our February event.

Z you then,

Donn

Founder [J.B. Nethercutt](#) spent a lifetime establishing this collection of historic importance. Unique to automobile museums, each car on display is attentively serviced and maintained to remain as drivable as when the vehicle originally rolled off the showroom floor. On view are various Pebble Beach Concours d'Elegance winners and cars once owned by movie stars, royalty and other notable personalities.

The entire collection is housed in two beautifully appointed exhibit facilities located just north of Los Angeles. Housed in the Museum is the [Nethercutt Automotive Research Library and Archives](#), one of the world's top automotive research facilities. Just steps outside the Museum are a resplendently restored [steam locomotive and railcar](#).

Opened in 1971, The Nethercutt Collection is a not-for-profit educational institution and a resource for automobile enthusiasts, historians, students and scholars. It is open to the public at no charge.
